

# **BBS Markets –Social Trading Follower Walkthrough**

## 1. Register and open an MT5 Account

Please note that a client who wishes to partake in the BBS Markets - Copy/Social trading, as a Follower, must first register a [BBS markets account](#) and thereafter open an MT5 trading account.

## 2. Register as a Follower

a) Once a client has opened an MT5 trading account, then they must visit the [Social Trading User Portal](#) (<https://copy.bbsmarkets.com>) and Register as a [Follower](#)

From the above page select '**Register as a follower**' from the bottom right.

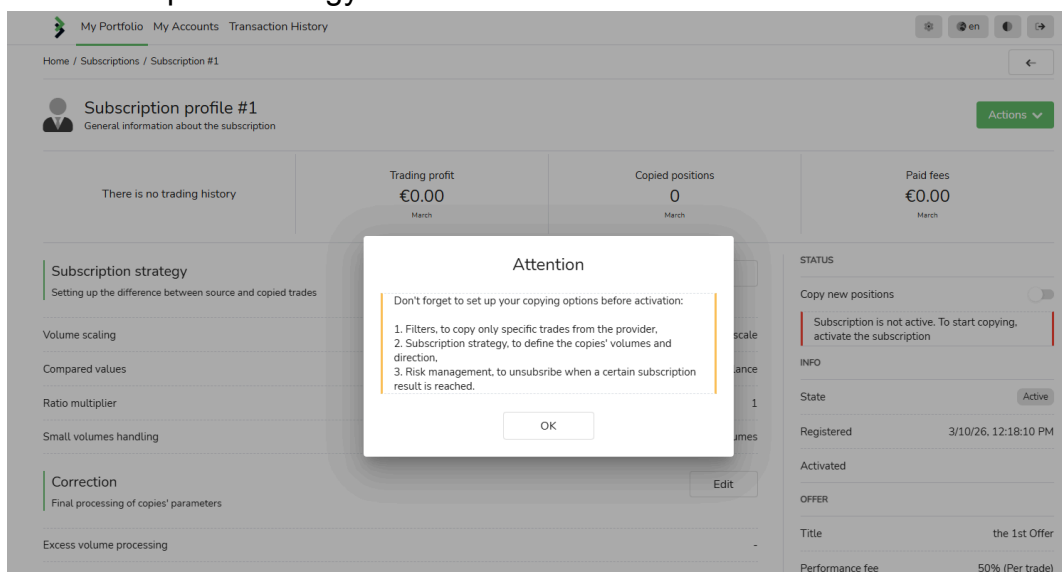

b) Once a client selects to register as a Follower, they will need to add:

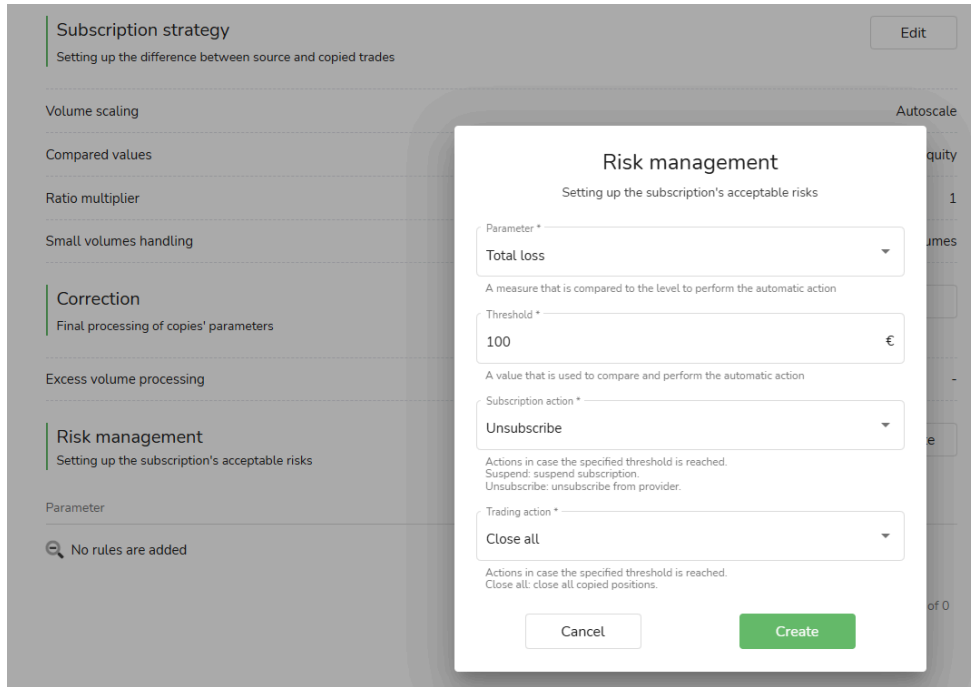

- i/ **Trading Account** (their MT5 Trading account number)
- ii/ **Password** (trading account password as is on mt5)
- iii/ **Provider** (select the Provider you wish to follow). Find here a list of Providers and their performance: <https://ratings.bbsmarkets.com/>
- iv/ **Offer** (select the available offers from the selected Provider)

### 3. Followers Profile Page

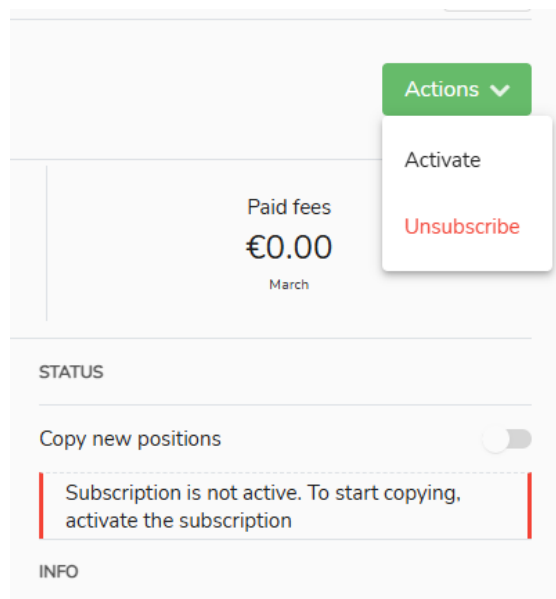

a) Once a follower Registers they will be redirected to the Follower's profile page. A notification message will appear, where the Follower can edit specific sections as per the Subscription strategy

b) At the 'Risk Management' section a follower can set certain parameters as well as unsubscribe from the Offer. At the below example, if the Trading Account reaches a threshold of a **Total loss** of **100 USD**, then the follower will auto **unsubscribe** and **close all** positions that may be opened at that time.

c) Once a follower edits their profile settings, it is important to 'Activate' the subscription or else the copy/social trading will not be applied.

d) Once a subscription is Activated, the copy/social trading will start. When the follower activates a subscription, a notification message will appear informing that

positions will now start to be copied. It is important to note, that a Provider will earn Fees only from winning periodic intervals. Fees are not generated from losing intervals.

**Activate**

Activate copying of positions

New positions of the provider will start being copied
