BBS Markets Ltd

BBS WinStreak™ Bonus Terms and Conditions

1. Introduction

By participating in the BBS WinStreak™ Bonus Campaign (the "Campaign"), clients agree to these Terms and Conditions.

2. Eligibility

The Campaign is available to new and existing clients who meet BBS Markets Ltd (hereinafter 'the Company') eligibility criteria. The Campaign is available only through the Standard Account and is subject to these Terms and Conditions.

Only trades executed on the Standard Account may be considered for the Campaign. The WinStreak Account cannot be combined with any other BBS Markets deposit bonus, credit bonus, rebate promotion or other promotional trading bonus on the same trading account.

Trading history or WinStreak progress cannot be transferred between accounts or combined across multiple accounts.

2A. Compliance with Laws and Regulations

Participation in the Campaign is subject to compliance with local laws and regulations. Clients are responsible for ensuring that they are legally eligible to participate in the Campaign under the financial regulations of their jurisdiction. The Company reserves the right to reject participation from any client where regulatory restrictions apply.

All clients participating in the Campaign must comply with the Company's Know Your Customer (KYC) and Anti-Money Laundering (AML) policies. The Company reserves the right to request additional identity verification, account information, or proof of funds at any time.

Failure to provide such information may result in account suspension or forfeiture of the Campaign.

3. Excluded Countries

This Campaign is not available to clients residing in countries such as the United States, and any other jurisdictions where participation would contravene local regulations or as determined by the Company.

Clients in these countries are ineligible to participate in the Campaign. The Company reserves the right to update this list at its absolute discretion, in accordance with regulatory changes.

4. How to Participate and Claim

1. Register and verify your account in the Company's Client Portal.
2. Open the designated "Standard Account" under the Open Live Account section.
3. Review and accept these Terms and Conditions.
4. Trade on the Standard Account and build a qualifying WinStreak in accordance with Clause 6 below.
5. Once a qualifying milestone is reached, contact BBS Markets Support to submit a manual WinStreak claim. The client should provide the MT5 account number, the level being claimed and the approximate date/time of the relevant trading activity.

The Campaign is not automatically tracked in the Client Portal or CRM. It is the client's responsibility to monitor their trading activity and submit a claim. The Company will determine eligibility using its official MT5/trading-server records.

5. Campaign Details

1. The Campaign is available for MT5 Standard Accounts only.
2. WinStreak rewards are paid only after a manual claim has been submitted and verified by the Company.
3. A claim must be submitted within seven (7) calendar days of the trade that completes the claimed WinStreak milestone.
4. Only one reward may be claimed from each individual WinStreak. Rewards from earlier milestones within the same streak are not cumulative.
5. After a successful claim is paid or credited, that WinStreak ends and the next qualifying trade begins a new WinStreak.
6. The client may choose to claim at a milestone or continue trading toward a higher milestone. If the streak is broken before a claim is submitted, any previously unclaimed milestone reward is forfeited.
7. Maximum reward per completed WinStreak: USD 500.
8. Maximum total WinStreak rewards per client per calendar month: USD 1,500.

5A. WinStreak Reward Levels

Consecutive Qualifying Winning Trades	WinStreak Level	Reward
3 Wins	Bronze	5%
5 Wins	Silver	10%
7 Wins	Gold	15%
10 Wins	Platinum	25%
15 Wins	Diamond	40%
20 Wins	Legend	50%

6. Qualifying WinStreak Rules

A WinStreak consists of consecutive Qualifying Winning Trades. Every trade forming part of the WinStreak must independently satisfy all of the following requirements:

1. Minimum Net Profit: each trade must generate at least USD 20 Net Trading Profit (inclusive of any commissions/ swaps) after applicable commissions, swaps, fees and other trading charges.
2. If a trade is profitable (ie above $0 profit) but does not reach the $20 requirement, it will be skipped, however the current WinStreak will stay in tact. Only if a trade is closed in a losing position will the WinStreak be broken.
3. Minimum Trading Volume: each trade must be opened with a volume of at least 0.10 Standard Lots, or the equivalent contract size where applicable.
4. Minimum Trade Duration: each trade must remain open for at least two (2) minutes, measured using the Company's trading-server records.
5. Sequential Trade Requirement: each subsequent qualifying trade must be opened only after the immediately preceding qualifying trade has been fully closed. Any trade opened while the preceding qualifying trade remains open cannot count as the next consecutive trade in the WinStreak, regardless of when it is closed or whether it is profitable.

6. 24-Hour Continuation Rule: each subsequent qualifying trade must be opened within twenty-four (24) hours of the closing time of the immediately preceding qualifying trade. If more than 24 hours passes, the existing WinStreak is broken and a later qualifying trade begins a new WinStreak.

In summation, a WinStreak will be broken by any losing trade, break-even trade, trade generating less than USD 20 Net Trading Profit, trade below 0.10 Standard Lots, trade held for less than two minutes, failure to open the next qualifying trade within 24 hours, or successful submission and payment of a WinStreak claim.

Clients may not retrospectively select, omit, rearrange or cherry-pick trades in order to manufacture a qualifying sequence. The chronological sequence shown in the Company's official trading-server records will determine eligibility.

6A. Five-Times Profit Limitation

To prevent disproportionate position sizing on a milestone trade, the profit amount used to calculate the WinStreak Reward may not exceed five (5) times the Net Trading Profit of the smallest Qualifying Winning Trade within the claimed WinStreak.

The Eligible Reward Profit is therefore the lower of:

1. the Net Trading Profit of the trade that completes the claimed milestone; or
2. five (5) times the Net Trading Profit of the smallest Qualifying Winning Trade in the claimed WinStreak.

This limitation applies only to the calculation of the promotional WinStreak Reward and does not reduce the client's actual trading profit.

7. Reward Calculation and Examples

The applicable WinStreak Reward percentage is applied to the Eligible Reward Profit of the trade that completes the claimed milestone. The reward is not applied retrospectively to all earlier winning trades in the streak.

Example:

a client completes five consecutive Qualifying Winning Trades with Net Trading Profits of USD 30, USD 45, USD 70, USD 55 and USD 300.

The smallest qualifying win is USD 30, therefore the Maximum Eligible Reward Profit is USD 150 (USD 30 × 5), as per clause 6A.2.

Although the fifth trade generated USD 300, the Silver 10% reward is calculated on USD 150. The WinStreak Reward is therefore USD 15.

If the milestone-completing trade had generated only USD 100 in the same example, the reward would be calculated on USD 100 because that amount is lower than the USD 150 five-times limit.

A client who reaches a milestone may either claim the applicable reward or continue trading toward a higher milestone. If the client continues and the streak is subsequently broken before a claim is made, the unclaimed reward is forfeited.

8. General Rules

Internal transfers during the Campaign period are treated as withdrawals concerning the bonus. The Company may review negative balances and remove bonuses accordingly.
The Company reserves the right to amend or end the Campaign at any time without prior notice.

9. Conduct and Fair Play

The Company will not tolerate abusive behavior, which may include but is not limited to indications or suspicions of fraud, manipulation, internal or external hedging, cash-back, bonus or swap arbitrage, or any other forms of deceitful or fraudulent activity.

If such behavior is detected or suspected in a client's account or multiple accounts related to the Campaign, the Company reserves the right to nullify all transactions and/or rebates, bonus amounts, profits, or losses associated therein.

10. Risk Disclaimer

Trading financial instruments, including those with bonuses, carries a high level of risk and may result in the loss of both bonus and deposited funds. Clients should only participate if they fully understand these risks.

The Company does not guarantee any profits or protection from losses arising from trading activity, including losses incurred while using bonus funds.

11. Modification, Suspension and Termination of this Campaign

The Company reserves the right to modify, suspend, or terminate the Campaign at any time without prior notice.

Bonuses are promotional funds granted at the Company's discretion and do not constitute a client's own funds.

The Company reserves the right to remove or adjust bonuses where necessary for compliance, fairness, or operational integrity.

12. Dispute Resolution

The Company In the event of any disputes regarding bonus eligibility, calculation, or withdrawal, the Company's decision shall be final and binding. Clients may submit complaints via the official client support channel. Any disputes must be raised within seven (7) days of the bonus being awarded or removed, failing which it shall be deemed that the calculation is accepted, and no further queries or appeals will be entertained.
